

2022 VESTRY LIAISONS

Each Vestry Member is a Ministry Liaison who provides support to and reports from the various areas of shared life at the Church of St. Paul in the Desert. While not required to be at each meeting/ministry opportunity of the areas listed in their liaison area, they are the prime source of communication to the Vestry regarding those areas. As such, they might have someone from each ministry under their responsibility write a brief report each month to send to the Vestry Liaison to compile for the Liaison's monthly report.
